DETAILED ACTION

This Office action is in response to the amendment filed May 11, 2007 in which claims 1 and 17 were amended and claims 18-24 were added.

The Information Disclosure Statement filed March 9, 2007 has been considered.

The rejection of the claims under 35 U.S.C. 103(a) over Wallace in view of FORD is withdrawn in view of Applicant's arguments and the amendment to the claims.

Claim Rejections - 35 USC § 103

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

2. Claim 17 is rejected under 35 U.S.C. 103(a) as being unpatentable over Wallace (US 5,944,858) in view of Grieshaber (US 6,401,692).

Wallace was discussed in the previous Office action. Wallace fails to specifically teach that the turbocharged engine of his invention contains a common-rail fuel injection system. However, Grieshaber teaches that turbochargeable engines contain common rail injection system.

It would have been obvious to one of ordinary skill in the art to employ the claimed fuel composition in a diesel engine containing a common rail injection system because Wallace uses the fuel in a turbochargeable engine and Grieshaber teaches that turbochargeable engines, such as taught by Wallace, contain common rail injection systems.

3. Claims 1-3, 8, 11-15, and18-24 are allowable because the prior art of record fails to teach or suggest the claimed method.

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
